

Laverstock and Ford

Our home pitch is Laverstock in Salisbury SP1

I can confirm that we currently are in the Mid Wilts league however it has been far from competitive for us and we want the boys to be able to develop. A number of the boys have played in the PHYL previously and have said they enjoyed the competitiveness.

Laverstock and Ford are a well-established club with a 1st team in the Premier Wessex league and multiple youth teams in Testway. We don't have a league locally to us as the Salisbury and District youth league folded many years ago.

We would appreciate your consideration in allowing us to enter the league to better the boys in a competitive league.

We are currently playing at a high level with in the Testway on Saturdays and also Mid Wilts on a Sunday however a number of our boys in recent years have played in the PHYL and we would like to try this out for our Under 16s. The boys are a good team and would benefit I believe from being in the Premier Division if the league allows.
